

Correcting Screen Display Issues

How to overcome common screen issues on Stuga Machines

Contents

Elo Widescreen 17" Monitor

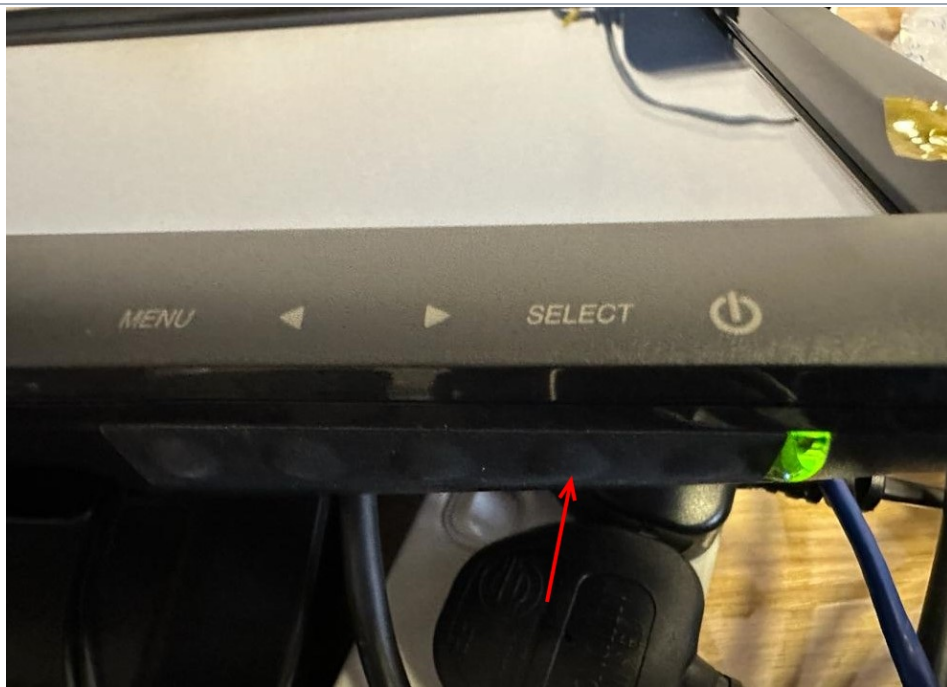

Resolution appears blurred or incorrect

Comments

Elo Widescreen 17" Monitor

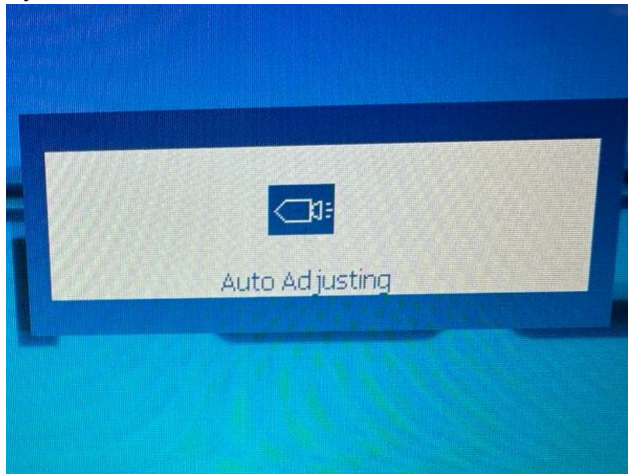

Resolution appears blurred or incorrect

- Intermittent issue where the screen resolution looks wrong
- Can be cleared by rebooting whole machine
- Simpler methods:

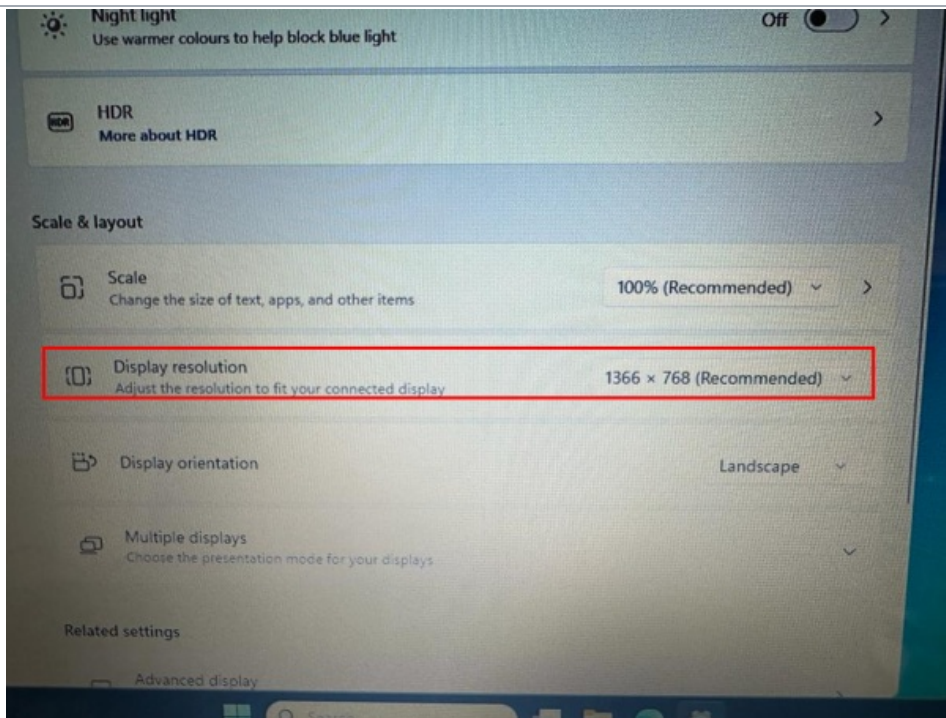

Click the Auto adjust button to reset the monitor

Method 1

Method 2

Reset the Display resolution in Windows settings
