Part Code	Description	Machines	Photo	Notes
M000016 D0000770	Door Hinge			Needs modification to D0000770
M0000029	Cabinet Lock Triangular	All		
M0000048	Gas Strut 15mm x 100mm	Saw Hood		
E0000061	Guardmaster Atlas 5 Interlock	Saw		
E0000087	Guard Switch: Omron D4NS	Saw Flowline Saw		There is a potential source of confusion in the guard switch types used on the Stuga machines. Several years ago, the source of the guard switch was changed from Guardmaster to Omron. Confusion has followed ever since because another type of Guardmaster switch has been introduced. They are not compatible with each other without fiddly modification, so it is important to replace like with like. There are 3 types as shown
E0000440	Guardmaster Cadet 3			There is a potential source of confusion in the guard switch types used on the Stuga machines. Several years ago, the source of the guard switch was changed from Guardmaster to Omron. Confusion has followed ever since because another type of Guardmaster switch has been introduced. They are not compatible with each other without fiddly modification, so it is important to replace like with like. There are 3 types as shown
E0000464	Guard Switch: Guardmaster Elf	Saw Transfer Table		There is a potential source of confusion in the guard switch types used on the Stuga machines. Several years ago, the source of the guard switch was changed from Guardmaster to Omron. Confusion has followed ever since because another type of Guardmaster switch has been introduced. They are not compatible with each other without fiddly modification, so it is important to replace like with like. There are 3 types as shown
E0000313	Safety Hinge Switch SHS- A1Z-SA	Ecoline Microline ZX		This is the original Bernstein version, later replaced with E0001176 They are not compatible
A0000274	SHS Hinge Only Switch	Ecoline Microline ZX		Hinge only version of E0000313 <a href="https://www.stuga.co.uk/consumables-parts/a0000274-shs-oz-hinge-only/">https://www.stuga.co.uk/consumables-parts/a0000274-shs-oz-hinge-only/</a>
E0000314	Cable for E0000313	Ecoline Microline ZX		Premade cable to fit E0000313
E0001176	Safety Hinge Switch	ZX		

E0001177	Hinge Only for E0001176	ZX		
E0001178	Premade Cable for E0001176			
E0001054	Guard-lock with Solenoid	Autoflow ZX4 ZX5		
E0001055	Guard Key for E0001054	Autoflow ZX4 ZX5
