Problem

The 20 way connector used at the top of the Stuga ring is suffering a stock shortage, estimated until March 2022

Stuga part number	E0000454
RS part number	466-084
Manufacturer (Cinch) Part number	JA778510000E000

Interim Solution

This is a critical part, and there is no simple design change or alternative product around this.

New Builds:

A stock of 5 units has been identified to cover new builds until this time

Spare Parts (Ring Cable Assembly),

Kits R0000145ZX, R0000145-ZXNW, R0000298

- One spare connector can be used for the next onsite replacement.
- The faulty cable assembly must be returned so it can be recycled
