

# TB0201 Stuga Unlock Code Generator User Notes

How to unlock the Flowops Administrator Area

## Contents

Comments

The Stuga "Flowops Editor" is designed to have an unlock code to prevent unauthorised access to the data. Without expert training, knowledge and experience, it is easy to make mistakes with the data, which will inevitably lead to waste profile.

**!** ...The Unlock code is only available to customers who have the technical expertise to manage this situation, and are prepared to take full responsibility for any issue created by editing the data.

On the flowops main screen, there is an option to "Unlock". This brings up the Challenge Code

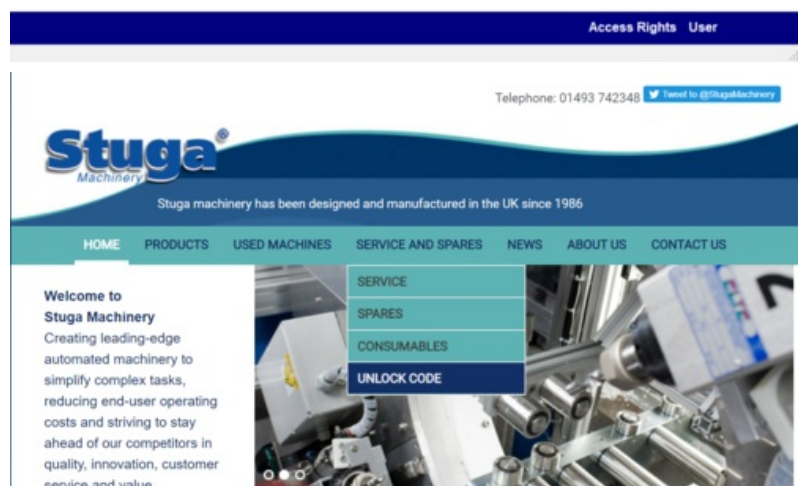

On the Stuga website [www.stuga.co.uk](http://www.stuga.co.uk) there is a link to the unlock code page via the Service and Spares tab

Or link directly to it here: <https://www.stuga.co.uk/unlock-code/>

Enter your email address and the challenge code from the flowops window

You will receive an email with the unlock code in

...The unlock code is valid in the flowops program until it is closed. On reopening, a new unlock code will need to be generated

Stuga machinery has been designed and manufactured in the UK since 1986

## Unlock Code

Enter your registered email address and the challenge code from the "FlowOps" database.  
You will immediately be emailed the unlock code.
