Refer to
instruction manual

Use protective
eyewear

Rinse hands

Use protective face
shield

Use respiratory
protection

Warning falling
parts

Explosive
substances

Slip hazard

Poisonous
substances

Step 1 - Prepare For Impact

This means prepping the changing area so everything is in reach.

- (6) Nappies
- (2) Baby wipes
- (3) Nappy Bag
- (4) Change of clothes
- (5) A toy (Distraction)

Step 2 - Fresh And Clean Will Make Them Beam

- Lay the baby onto a safe soft surface
- Unfasten the tabs and raise the baby's bottom by holding onto their ankles to pull away nappy.
- Dispose of nappy into nappy bag
- Gently clean using wipes or use cotton wool for newborn.
- Slide a fresh new nappy under your baby and using the stepped process attached.....voila you have one happy clean baby.
