# **Troubleshoot - Permanent IP Addresses - UVision Cameras**

How to change the IP address on the obsolete UV ision camera systems.

Difficulty Easy

Duration 5 minute(s)

#### Contents

Step 1 -

Step 2 -

Step 3 -

Comments

#### Step 1 -

Using any Stuga PC on the same network as the target machines, search for the program **CameraSetup.exe**.

# Step 2 -

When the CameraSetup program is loaded it will show all cameras connected on the network. Select one of these and click **Setup**. This will prompt for a username and password.
